

LOTS...of space

What truly sets Cypress Point apart is the “nature” of the community. It’s everywhere. From three and a half acres of beautifully landscaped common use greenspace right outside your front door to over two hundred acres of rolling lawns and endless nature right outside the back.

LOTS...of activities

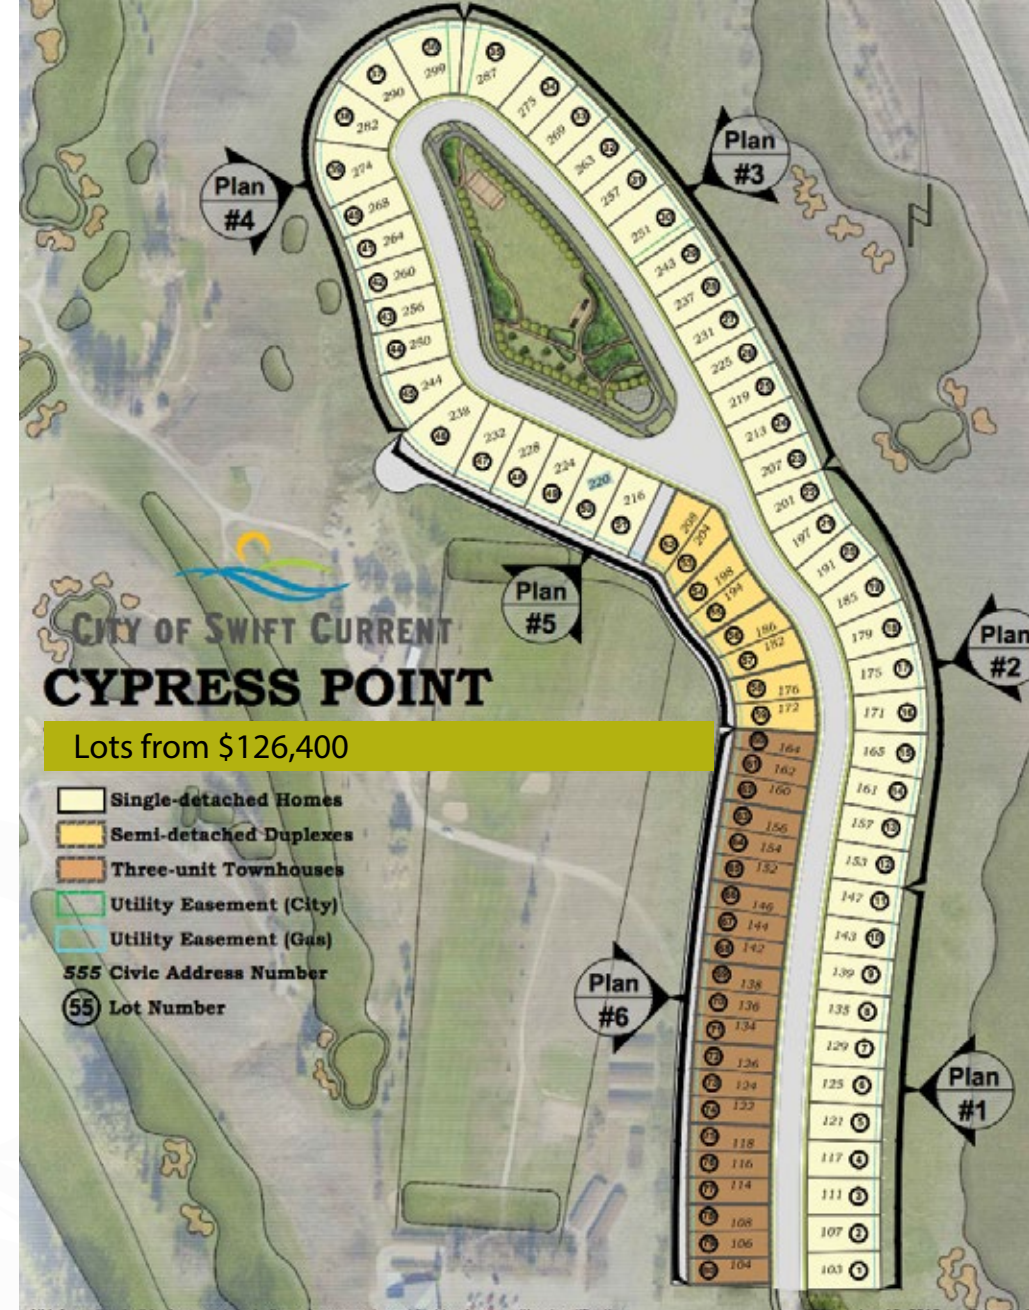

Pick your pleasure. Walking, jogging and cross country skiing. Shooting hoops in the park and playing golf at a world class golf course. A playground for the kids. At Cypress Point, there’s something for everyone and it’s all right outside your door. And if that’s not enough, WHL hockey, WMBL baseball and the dog park are only a short walk away.

LOTS...of lifestyle

Cypress Point is so much more than an address. It truly is a lifestyle. Open spaces, beautiful views and lots to do are just the beginning. Take a short stroll and enjoy both casual and fine dining at Elmwood Golf and Country Club. Plan your party, wedding or banquet there. As a resident of Cypress Point, you’ll enjoy all that Elmwood has to offer the whole family.

*Minimum membership offer is one year. Ask us for details.

LOCATION. LOCATION. LOCATION.
