I was born and raised near Vanguard Saskatchewan. After a lengthy career in agriculture, a business opportunity our family to Swift Current in 2004. I am married to Arlene, we have 3 adult daughters, and 5 grandchildren.

I am an independent sales contractor for a company that specializes in Agricultural Bio Stimulants.

I will be running on the platform “**Leadership, Integrity & Commitment**”

The reason I want to serve the citizens of Swift Current is because of the pride I hold for this community.

I am proud that we are an inclusive community, that we are a progressive community, and proud of our citizens who volunteer and are involved within the community.

I will commit to fostering relationships with all of our partners, to support decisions that make our City attractive to outside investors and continue to foster a positive atmosphere that will attract families to consider Swift Current as their home.
